

**Lote Alto Tietê – Linhas 11, 12 e 13 de Trens Urbanos**

## Train Lines 11, 12 And 13 (Alto Tietê Lot)

- Concession of CPTM Lines 11–Coral, 12–Safira, and 13–Jade to the private sector.
- The project aims to modernize, expand, and integrate the railway network of the São Paulo Metropolitan Region, ensuring greater efficiency, comfort, and sustainability in public transport.
- The concession includes 10 new stations, 24 renovated, and 4 rebuilt, along with the expansion of 22.6 km of tracks and the elimination of all level crossings.
- The contract foresees investments of BRL 14.3 billion (~USD 2.8 billion) and operation for 25 years.

LEGAL STRUCTURE

Social focus on serving São Paulo's Eastern Zone – the region with the highest transport deficit in the RMSP.

Phased extension of Line 13 to Bonsucesso (Guarulhos) and Parque da Mooca (contingent investment).

10 new stations: upgrades and reconstruction of existing ones – 8 under the new concessionaire and 2 under the Metro.

Requalification of infrastructure and systems.

Projected demand: approx. 1.3 million passengers/day by 2040.

Region with over 4.6 million inhabitants, with high commuter flows.

## Notes:

- i. Studies contracted with the International Finance Corporation (IFC).
- ii. Auction held on March 28, 2025.

## IMPACT AND BENEFITS

### **Train Lines 11, 12 And 13 (Alto Tietê Lot)**

- ❑ Improved mobility in the Eastern Zone and Alto Tietê, benefiting over 4.6 million people;
- ❑ Reduced headways between trains to as little as 3 minutes on central sections;
- ❑ Integration with the São Paulo Metro and other CPTM lines, connecting strategic regions;
- ❑ Modern and accessible stations, offering greater safety and comfort;
- ❑ Creation of around 15,000 direct and indirect jobs during construction and operation;
- ❑ Savings of BRL 1 billion for the State, due to the discount offered at auction;
- ❑ Strengthened sustainable, high-capacity public transport.
