

**Concession of the Vehicle Removal and Storage
Service of the State of São Paulo**

Concession of the Vehicle Removal and Storage Service of the State of São Paulo

- Project by the Government of São Paulo to modernize the management of vehicle removal, custody, restitution, and auction preparation services carried out by DETRAN-SP and DER-SP.
- The initiative aims to increase operational efficiency, transparency, and environmental responsibility, ensuring faster service for citizens and better monitoring by traffic authorities.

 - ii. Studies contracted with Banco Regional de Desenvolvimento do Extremo Sul in March 2024

IMPACT AND BENEFITS

Concession of vehicle removal, custody, restitution, and preparation services for auctioning vehicles seized by São Paulo State traffic agencies (DETRAN and DER-SP).

Main benefits of the project:

- ❑ Mandatory minimum standards for infrastructure, security, and traceability.
- ❑ Use of digital platforms for vehicle release and monitoring.
- ❑ 90% of vehicle removals must be carried out to yards located within 30 km of the presentation point, ensuring efficient regional coverage.
- ❑ Single transparent tariff table (per vehicle type).
- ❑ More efficient oversight by traffic agents.
- ❑ Compliance with environmental and ESG practices.
- ❑ **Estimated demand for the first year of operation of the 7 lots: ~305,000 vehicles.**
